

KANGA CAMP

Mana Pools National Park, Zimbabwe

OPEN BETWEEN 01 APRIL – 30 NOVEMBER

HOME OF THE “ARMCHAIR SAFARI” EXPERIENCE

Tucked into a remote part of Mana Pools National Park, a World Heritage Site lies Kanga Camp on the edge of the eponymous pan. Inland from the floodplain, Kanga Pan is the only permanent water source for a 20km radius and the camp’s focal point. This perennial water source teems with wildlife, especially in the dry season, creating the perfect setting for our famous “Armchair Safari.”

Unwind on the upper deck lounge under the shade of a mahogany tree or sit on the deck by the splash pool and enjoy Kanga – the old Africa in a new era. Sightings of nocturnal species at the pan are a regular occurrence at dinner and while guests sit around the campfire.

The camp consists of six stylish luxury Meru tents. They are simple yet elegant, featuring classic mesh windows and raised individual decks overlooking the pan. All tents are replete with fans and a dressing area leading to an en-suite (outdoor) bathroom comprising of a shower, flush toilet, and basin with running hot water. Kanga has a family tent which boasts a wraparound terrace facing the pan with private seating and dining areas. The honeymoon tent features a rolltop bath on the adjoining secluded deck, ideal for a romantic starlit bath.

Set within the pristine wilderness area of Mana Pools interior, you can expect a contrasting experience to that had on the floodplain. Activities focus on guided walks through open vleis and day drives accompanied by our experienced guides who will share their knowledge and love of the bush with you.

WHY KANGA CAMP
